

DEMOLITION and moving of old buildings is well underway across from city hall as the contractor works in the city's extended urban renewal area. When completed, the area will be put to public use with parking and space for an enclosed livestock show barn. The area will be cleared off, filled in where necessary, and new streets, curbs and sidewalks will be laid.

With F.M.L.

Jeb Stuart MacGruder, one of how-
ever many, convicted for involvement
in some sector of Watergate, was on
"Tomorrow," emceed by Tom Snyder,
early Wednesday.

MacGruder has been released from
prison by recent decision of Federal
Judge Sirica after serving 7 months
of a 34-month sentence which Sirica
originally set. John Dean and others
also have been granted early release.

Interesting thing about MacGruder,
who acknowledges he deserved sen-
tence for his role in the coverup,
is that he is apparently embarking on
a lecture tour to talk about conditions
in federal prisons, three of which he
has seen from the inside.

The man means well. It is a free
country. He has already written a
book, one of a number out of the
Watergate experience, which though
not far back already is far enough
away to view a bit philosophically.

But it would be surprising if his
expertise on the subject is any greater

Kubiak Named To Education Committee

AUSTIN
Rep. Dan Kubiak has been appointed
to the House Public Education and
Reapportionment committees this
session by Speaker Bill Clayton.

Kubiak is one of 13 members of the
Public Education committee who will
have jurisdiction over all matters
pertaining to Texas public schools,
the Texas Education Agency, elemen-
tary and secondary education pro-
gramming and proposals to change
school districts in Texas.

The Reapportionment Committee
will consider all matters pertaining
to any change in legislative and con-
gressional districts.

than his judgment in being caught up
in the power syndrome, as he de-
scribed it, which collapsed the Nixon
Administration.

We Americans are fascinated by the
oblique, whether competent or not.
Leaders of student rebellion on camp-
us and in leftist politics dismayed a
lot of people with their antics, then
went on the lecture circuit to make a
lot of money from the system they
failed to dismantle.

It is the idea of someone who
has done something different, some-
thing a little crazy, if not felonious,
capitalizing on his own misfortune and
our naivete.

"Hey, Rube," this implies, "let
me teach you how I pick pockets,
yours even. That I got caught is be-
side the point."

I am not particularly interested in
hearing how badly the federal prison
system is from a man who has ac-
knowledgeed duplicity in trying to house
us in a police society. And it is not
likely anybody else is.

If he had been wrongfully convict-
ed and imprisoned on a Devil's Island,
like a Papillon who finally broke in-
human confinement in French Guiana,
he might have a story to tell.

But MacGruder is playing the old
American game of superficiality, get-
ting caught in a giant con and now
trying to extend that mode on the pre-
text of knowledgeability about prisons.

On his last prison stop, he said
perhaps \$300 worth of personal oil
paintings, clothes and a tennis racket
were stolen. How many times that
amount will he earn on a lecture tour
beyond his ken.

Auto Rebates Helping Car Sales

Rebates being offered by automo-
bile manufacturers are making a dif-
ference in car sales in Cameron and
Rockdale, a Herald survey shows.
Following a nationwide trend, car
sales in the county were much lower
during the latter part of 1974 than
they were for 1973, and added to a
seasonal slump resulted in a bad time
for auto dealers.

New car dealers report that more
people are coming in, looking and
asking questions about rebates since
they went into effect this month. The
rebates range from \$200 to \$500.

H. H. Stedman of Hefley-Stedman
Motor Co. in Cameron said the re-
bates are creating more traffic, es-
pecially for the small cars. "It's
enabling us to sell more cars," Sted-
man said. He said new car sales
were "real bad" in late 1974 com-
pared to other years. The same was
true nationally, he said.

Ford rebates range from \$200 to
\$500 for different types of cars.

No Tax Rebate Official Yet, IRS Explains

AUSTIN
Taxpayers should file their 1974
income tax returns as early as pos-
sible without regard to any rebate
planned, the Internal Revenue Ser-
vice says.

Howard C. Longley, acting direc-
tor of the IRS southern Texas dis-
trict, explained that the plan pro-
posed by the President calls for an
automatic rebate by IRS based on a
percentage of the taxpayer's tax li-
ability for 1974. He stressed that the
amount of a rebate can be deter-
mined by the IRS only after it re-
ceives and processes the taxpay-
er's return.

He pointed out that any rebate
adjustment made on the return by the
taxpayer will delay processing.

Longley said that possible rebates
being considered have no bearing
on tax refunds already due taxpay-
ers for 1974. Even so, he pointed
out that persons expecting refunds
have an added incentive to file early.
Refunds can usually be issued to early
filers within five weeks after a return
is received by IRS. It may take up
to eight weeks to issue refunds to
those who file close to the April 15
deadline.

A tax rebate plan enacted by Con-
gress could involve the payment of a
rebate later in the year. Taxpayers
who move from the address shown
on their income tax return should
promptly file a change of address
notice with the post office in the
area from which they move.

Housing Slump Reflected In Building Permits

The construction slump being ex-
perienced in the nation continues in
Cameron as building permits totaled
only \$558,576 for 1974.

Permits for new housing totaled
\$210,642 for the year with a permit
for \$155,000 for a new county jail
and an apartment complex adding
\$75,000.

Permits totaled \$26,700 for the
months of January, February, and
March, with only one new home built.
Permits for April through July totaled
\$427,772 with the jail and apartments
counted and some \$144,642 for new
homes.

Permits for the remainder of the
year totaled \$104,104 with four new
homes built, \$10,750 spent on repairs
and modernization, and \$15,354 for
new construction, which included two
new greenhouses, a night club, and
additions to existing structures.

City Code Inspector Ed Bigbee re-
minds that a building permit is re-
quired on any construction, addition,
or repairs that total more than \$100.

Gaither Motor Co. of Rockdale,
another Ford dealer, reported that
the rebates are producing positive
results, and a difference in sales
can be seen compared to sales at
the first of this year. Bill Avriett,
of Gaithers, said sales were definite-
ly off in late 1974 but have picked
up since the rebates were offered.

"People thinking about buying a new
car in some instances are going to go
ahead and buy with the rebate," he
said. Avriett said November and De-
cember are always slow in the new
car business.

Another Rockdale dealer, Palmetto
Dodge-Chrysler, reported that the
rebates have created more activity
and interest in their showrooms. Sales
have picked up since January 15
when the rebates went into effect.
Dodge-Chrysler also offers a \$100
bonus for the right trade-in along
with the rebate of up to \$300. The
rebate program will be in effect until
Feb. 28. Bill Vogelophl, Palmetto
owner, said sales were down at the
end of last year but are picking up
now.

Gene Mitchan, auto sales manager
at Cameron Motor Co. which sells
Chevrolets and Oldsmobiles, also said
that more interest in new cars is
shown since the rebates were offer-
ed. General Motors makes the re-
bate retroactive to Jan. 13 and will
continue the rebate until Feb. 28.

Mitchan said 1974 was a bad year
for selling new cars, with the energy
crunch having an effect on car sales

at the beginning of the year and a
seasonal slump later in the year.

Mitchan said the company is "get-
ting more action during the past
week" with more people asking ques-
tions and looking at cars offered in
the rebate program. However, he said
he couldn't tell yet if the rebate will
sell more cars.

Another GM dealer, R. J. Woodum
of Woodum Auto Sales in Cameron
said the rebate has generated con-
siderable interest in new car pur-
chases but there is still not enough
to recover from the slump of 1974.
Woodum also said it is too early to
judge results of the rebate program.

E. A. Miller of Miller Chevrolet
Buick in Rockdale, said the program
has generated considerable traffic
and increased sales for his company.
GM is offering rebates from \$200 to
\$500. Miller said he sees a difference
in sales within the past 10 days.

Armed Gunman Robs Milam Motel

The Milam Motel was robbed early
Saturday morning for the second time
in less than three months. The rob-
bery occurred between 2:30 and 2:45
a.m.

Mrs. Theo Ashenbeck, night clerk
at the motel, told police an armed man
entered the office and demanded the
cash. He left with \$73.50 and got
into a car occupied by two other men
and headed west.

5-Year License Plate Goes On Sale Monday

The new five-year license plates
have arrived in the office of Milam
County Tax Assessor-Collector Val-
ter White and will go on public sale
Monday, February 3.

A total of 10,300 passenger car
plates, 4115 truck plates and 1605
farm truck plates are on hand along
with other special duty plates for
trailers, motorcycles, etc.

The three-part forms for buying
licenses plates were mailed out in
January and vehicle owners must
bring the form with them when they
pick up their plates. The form should
not be separated before purchase.

The majority of motor vehicles
operating in Texas are eligible to
use the new "multi-year" plates,
renewable annually for five years of
driving, according to Bob Townsley,
director of the Highway Department's
Motor Vehicle Division.

There will be no change in the reg-
istration procedure this year; how-
ever, the license plate to be issued
will be different. Instead of the usual
metal plate, a heavier, non-corro-
sive steel will be used for greater
endurance. Also, the plate will be
reflectORIZED and will feature black
letters and numerals on a white field,
a color combination considered by
experts to be the most easily read-
able.

"The real change in registration
procedure will come in 1976," ex-
plained the department official. Next
year instead of buying a new plate,
owners will purchase a 1 by 2 inch
adhesive - type validation tag that
will be placed on the debossed upper
left corner of the plate.

In 1977, the tag will be stuck in
the upper right hand corner to cov-
er the debossed "75," and alternated
for the ensuing years. Townsley said
the tags cannot be easily removed
without deterioration, a part of the
plan to discourage vandalism or theft.

The new 1975 Texas plate is ex-
pected to cost the state 44 cents
per plate to produce, almost twice
the manufacturing cost for the 1974
version. However, the validation tags
to be used beginning next year will
run only about 3 cents each. Accord-
ing to Townsley, the state will realize
a saving of \$8.5 million over the five
year period.

Annual registration fees for motor
vehicle owners will remain the same

as in the past. Motorists are en-
couraged to register their vehicles
early and avoid the last minute rush.
Applications may be made by mail
immediately or in person at the tax
office beginning February 3.

Mail applicants are reminded to
return their entire renewal notice
along with payment and one dollar
per vehicle to cover postage and
handling. The registration deadline is
midnight, April 1.

NEW LICENSE PLATE is shown by Valtter White, Milam County tax assessor-collector. The plates are white with black letters and are of heavier steel as they will be used for five years. Next year a sticker tag will be placed on the 1975 plate for 1976.

Supervisors To Handle Alcoa Energy Needs

Workers at Rockdale's Industrial
Generating Co. walked off the job at
midnight Tuesday after talks between
labor and management failed to reach
agreement on a new contract.

"We have met with the bargaining
committee 19 times and have spent
long and tedious hours in an effort
to reach an agreement," stated Ri-
chard Wiggins, general superinten-
dent of IGC at Rockdale.

"It is our feeling that the barg-
aining committee has been altogether
unreasonable in some of its demands
though it has never appeared that
we were very far apart," Wiggins
said. "The bargaining committee's
refusal to submit our most recent
proposal to the membership came as
a great personal disappointment to
me."

"While we are willing to meet
with the members of the bargaining
committee on a continuing basis, and
while I am hopeful that we can re-
solve our differences and everybody
get back to work, I cannot see any
basis for a speedy resolution."

"The walkout at midnight has made
it necessary for supervisory em-
ployees to perform all duties relating
to the production of fuel and the op-
eration of the generating unit which
supply energy only for the production
of aluminum. We anticipate such pro-
duction will continue uninterrupted,"
Wiggins' statement concluded.

Firemen Busy With Rural, Home Blazes

Cameron volunteer firemen were
busy over the weekend and Monday
with rural grass fires and one resi-
dence burning down.

The home was at West 12 and
Vogelsang Ave. and was occupied by
the Brown family. It burned down
late Sunday night.

Grassfires were extinguished Sat-
urday, Sunday, and Monday. Another
call Monday was for a toaster on
fire.

No injuries were reported in any
of the fires.

Toward A Stable 1975...

A pattern for 1975's economics is beginning to develop. We say it's not going to be as dire as indications a few months ago suggested. Ample recent developments suggest:

Enormous weight of inflation, a \$3 billion trade deficit for example, belongs to the oil and energy problems, which is related to auto industry problems, which has Detroit promoting for the first times in a couple of decades.

At that, inflation is slowing down, even as prices on some retail items are starting to readjust downward. And bank rates went down another half point, as well as mortgage money through federal and mortgage loan firms.

The "Third World", the Arab oil exporting countries, has invited Western industrial countries and communist bloc nations to a producer-consumer nation conference. It is to talk about oil prices, proving the Arabs heard Kissinger and Ford's suggestion of gunboat diplomacy if prices continued at outrageous levels.

Wall Street took the highest gains since 1971 in the heaviest trade day ever the first

day of the week.

Agriculture exports were up more than \$2 billion in the trade-deficit problem, showing that yield can find almost unlimited foreign markets.

To strengthen Western position in oil price discussion, the Soviet Union has recently announced that Russia is producing more oil than any other nation. This tells the Arabs they must negotiate with the West or sit atop 52 percent of the known oil reserves in the prospect of losing control of them.

The auto industry is finding that cars sell in times of economic unease if the industry promotes sales just like any other industry, particularly retail trade.

Money is being saved, awaiting events like these to restore confidence in purchasing a smaller, less gas-consumptive car, start of a new house and getting on with the control of arbitrary oil patriarchy and the Detroit complex finding out the public won't necessarily pay each additional increase.

This is part of the pattern which will make 1975 more stable than 1974.

Safer Lifestyle...

The slower speeds in 1974 lowered the death toll about 650 lives on Texas highways.

Reports show Milam County recorded 225 accidents compared to 273 in 1973. This is a drop of about 20 percent.

The slower speed limits have served an other wise unanticipated aid. But people are beginning to drive a bit faster on the average after the first year of lower

limits and mere talk of rationing or high increases in fuel.

A lifestyle still is up for grabs, particularly in Texas where people think nothing of driving a hundred miles to see a movie.

But is it for the time a safer lifestyle that Arabs may have thought they could control at price whims, but who will be learning otherwise.

"Low Down"

FROM THE
Congressional
Record

By JOE CRUMP

WANTS MILITARY OIL RESERVE TAPPED NOW

Rep. John Melcher (Mont.) "The Naval Petroleum Reserve at Elk Hills, Calif., has a reserve of over 1 billion barrels of oil. In theory this oil is being held in reserve for the military in case of a national emergency.

The problem of migration from the field has been adequately described in testimony we had before our Public Lands Subcommittee earlier this year. Migration or drainage of the oil outside the reserve means Uncle Sam loses the oil to private companies with oil wells around the reserve.

"We are faced now with a national need for more oil supplies. I believe we can develop a plan in the public

interest to utilize this oil. It is a unitized field. Standard Oil of California holds part of it under the unitization contract of common ownership, but I believe we have the good common sense here in the Congress to develop a fair plan to utilize this oil now before too much migration of it occurs and the share due the United States is lost to private companies with pumping wells surrounding the reserve.

"We also have petroleum reserve No. 4 in Alaska with vast reserves there. For those of us who are concerned about holding some of the country's oil in reserve, we can look to the Naval Petroleum Reserve in Alaska as our trump card.

"Elk Hills can provide 300,000 barrels of crude oil per day. It would replace that much imported crude. The obvious advantages include over a billion dollars a year to both help in balancing the Federal budget and to offset that amount in U. S. balance of payments."

Rep. Alphanzo Bell (Calif.)

"Every day we read in our newspapers about the Arabs and the Shah buying up our industry and land.

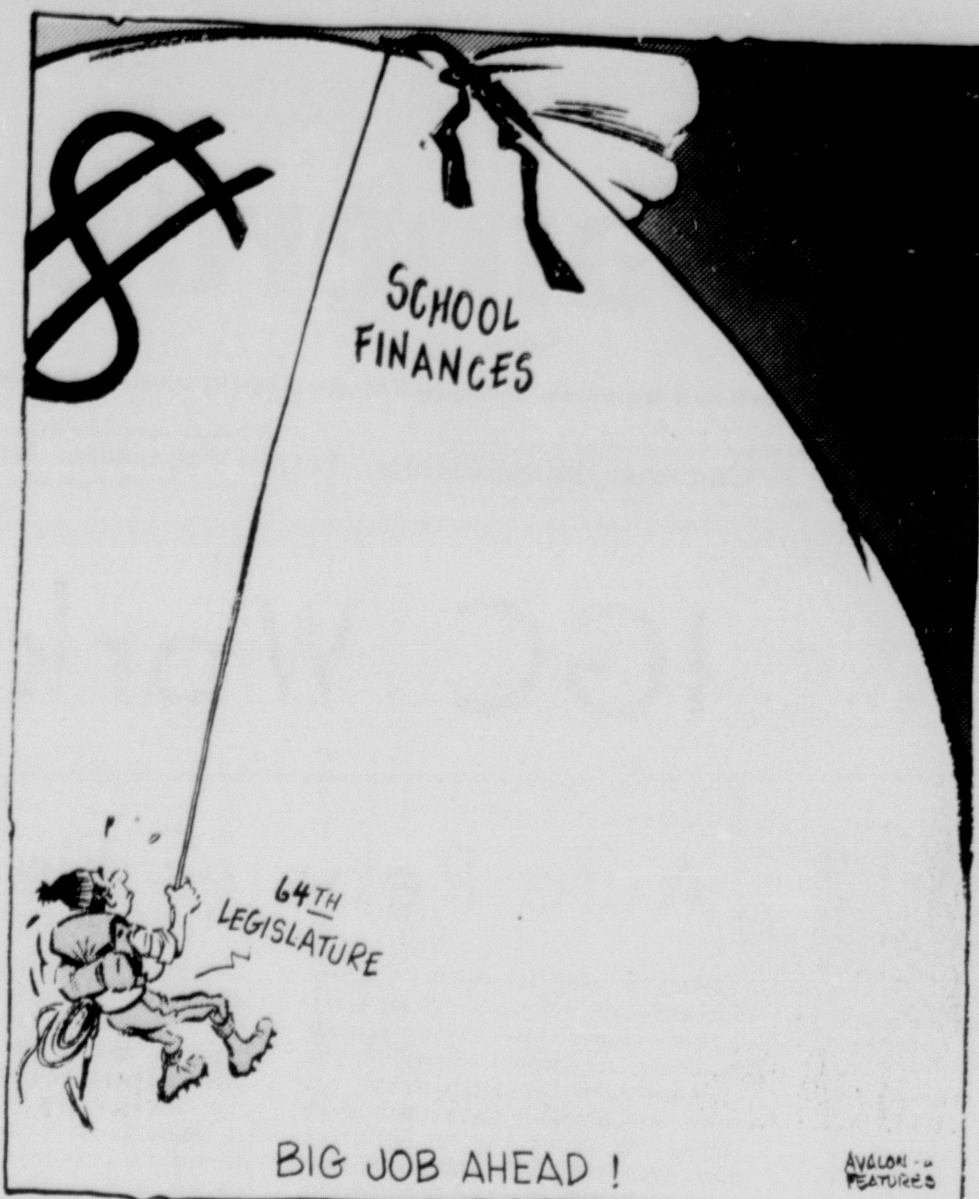

"They tried to buy into Lockheed. Our biggest defense contractor. They are buying into our oil companies. They are buying American property. Why? "Because we are buying billions of dollars of oil from them at their exorbitant prices. We must reduce our imports.

"We must open Elk Hills. We must open Naval Petroleum Reserve No. 4 in Alaska."

CRUMP'S GRASS ROOTS COMMENT

The oil reserves were reserved for a "rainy day." With every American citizen and every American business adversely affected by the skyrocketing price of oil it appears the rainy day has arrived.

School Finance Tops Briscoe's Package

Gov. Dolph Briscoe served up a smorgasbord of legislative recommendations which could keep lawmakers jumping for the next four months, even if they had no proposals of their own.

Briscoe offered a 10-part package, assigning top priority to complete restructuring of the public school finance system and again serving warning he will not approve a tax bill.

He said he hopes the 64th Legislature will be known as the "Public Education Session."

The governor made no mention of two much-discussed issues: Constitutional revision and creation of a public utilities commission. He called for the "weighted pupil approach" to distributing state aid. That would base state and local spending on actual cost of instructional programs geared to individual district needs and measured against the best 42 districts. The local district's ability to pay would be based on taxable value of its property.

Briscoe placed heavy emphasis on legislation to assure individuals' right to privacy.

He drew some of his best applause with proposals to expand powers of the Coordinating Board, Texas College and University System, to give it a veto over new higher education construction programs and creation of new departments. Many college boards of regents can be expected to fight the bill.

The Governor's many recommendations included repeal of the state sales tax on utility bills and steps to remove problem drivers from the road.

COMMITTEES NAMED — The decks were cleared for action in the House of Representatives with Speaker Bill Clayton's appointment of standing committees which process legislation.

Clayton named Rep. Bill Frensal of Bryan, 42, chairman of the budget-writing Appropriations Committee. Frensal is a conservative cattleman, and called for a tight-fisted approach to spending.

Rep. Tom Massey of San Angelo, another conservative, will be chairman of the Public Education Committee, which will process school finance reform measure. Rep. Fred Head of Athens was designated chairman of the Higher Education Committee.

Rep. Tom Uher of Bay City will head the workhorse State Affairs Committee. Rep. Ben Grant of Marshall will chair the Judiciary Committee.

Rep. Fay Hutchison will be chairman of the Constitutional Revision Panel; Eddie Bernice Johnson of Dallas, Labor; Tom Craddock of Midland, Natural Resources; Craig Washington of Houston, Criminal Jurisprudence; Luther Jones of El Paso, Elections; Bill Sullivan of Gainesville, Environmental Affairs; Joe Hubenak of Rosenberg, Agriculture and Livestock;

Chris Semos of Dallas, Business and Industry; Jerry Donaldson of Gatesville, Financial Institutions; Pete Laney of Hale Center, House Administration; Lane Denton

of Waco, Social Services; Lynn Nabers of Brownwood, Health and Welfare;

Ben Bynum of Amarillo, Insurance; E. L. Short of Tahoka, Intergovernmental Affairs; Tim Von Dohlen of Goliad, Judicial Affairs; Benjie Bock of New Braunfels, Liquor Regulation; Felix McDonald of Edinburg, Calendars and Tom Schieffer of Fort Worth, Local and Consent Calendars.

WELFARE SPENDING UP — Welfare spending during the last fiscal year came to

\$613.7 million in Texas, the State Welfare Department reported.

Of the total, \$405.8 million was in federal funds. Medical expenditures increased sharply, but average family payments declined slightly. More than a million Texans received food stamps at the end of fiscal 1974.

AG OPINIONS — Atty. Gen. John Hill held the legislature is limited in the amount of its appropriations to state employees and teacher

Dear editor:

As you know, first Congress and the President both came out for a tax rebate, then the automobile companies fell in line with their rebates. Buy a new car at whatever price you can wangle out of the dealer here in Cameron and the company in Detroit will mail you a check for \$300 or so.

I guess this is the first time in history we've ever tried to rebate ourselves out of a recession, but I'm in favor of it.

Only, it doesn't go far enough. If a car company will pay me to buy a new car, why won't the filling station pay me to fill it up with gas? What are the tire companies going to do for me when I wear out the first set?

What are the supermarkets hung on? What kind of rebate are they coming up with if you buy a sack of new groceries?

These are uncertain times and no half-way measures are going to get us out of our trouble. If I can get enough people sending me rebates, and they'll scatter them out so I've got an

adequate amount coming in every month with maybe a few extras along about Christmas time, I'll figure I've done my part of whip the recession.

Speaking of rebates, the Soviet Union has beat us all hollow in that department. According to an article I read yesterday, in 1972 the U. S. agreed to cut Russia's World War II debt to us to \$722 million, although it was a lot more than that originally, in some sort of trade agreement giving Russia what's called "most favored nation" status, but Russia has now said the agreement has collapsed (I don't know who built the scaffold) and therefore she doesn't owe us anything. I'd call that a pretty sizeable rebate.

By the way, I've been studying the car rebate plan and I'm in favor of it but wouldn't the companies sell more cars if they sent you the rebate before you bought a car so you could use that as a downpayment?

Yours faithfully,
J. A.

retirement programs by a constitutional ceiling of six per cent of salaries paid participants.

In other recent opinions, Hill concluded:

• A school board may meet in closed session to discuss salaries of individual employees, but not to discuss salaries of a class.

• A commissioners court must pay reasonable attorneys' fees for lawyers named to represent indigent defendants.

• The Department of Pub-

lic Safety must supply on request a magnetic tape containing data on Texas drivers over age 64.

• Class A and B misdemeanor complaints may be lodged before a justice of the peace.

• The Jefferson County Commissioners Court has no authority to prepare, approve or amend Jefferson County drainage district budgets.

Yoe High Votes For 'The Most'

The Senior class of Yoe High School met this past week to vote for a number of Seniors who were outstanding in certain fields.

Those receiving honors included: Bruce Zarosky and Loretta Kunz, Most Likely To Succeed; Lynn Willy, Most Talented; Willie Bell, Most Athletic; Melissa Lester, Most Beautiful; Gary Trdy, Most Handsome; Tommy Vaculin and Loretta Kunz, Most Spirited; and Tommy Vaculin and Paula Perkins, Personality Plus.

Personal

Visiting Mrs. Ed Gunn for church and lunch Sunday were Mrs. Florence Talley and Mrs. Joyce Drachenberg of Alvin and Mrs. Kate Lee McNabb of Houston, nieces of Mrs. Gunn and cousins Mr. and Mrs. C. L. Yount of Thorndale.

HD Council Meets With 15 Present

The regular meeting of the Milam County H. D. Council was held January 13, 1975 at the New Salem H. D. Club House in Fair Park in Rockdale. Mrs. O. M. Brockman, chairman presided.

Recreation was led by Mrs. Clyde Holliman. Secretary Mrs. Preston Perry, called the roll. Ten members, two agents, and three visitors were present. Three clubs were represented.

Committee reports were given by Mrs. Charles Riola on 4-H. Mrs. Clyde Holliman, recreation chairman asked Tracy - Duncan H. D. Club to be in charge of recreation in February.

The yearbook committee asked for club program suggestions by January 22. Club reports were given by First Cameron, New Salem, and Tracy-Duncan. Under old-business, Mrs. Frank Hanel reported on the County Christmas party.

Under new-business members were reminded to pay 50 cents THDA contributions. Also it was announced that Mrs. Preston Perry is a member of the State THDA Health committee. Agent announcements followed and the meeting adjourned.

Birth

To Mr. and Mrs. David E. Johnson of Cameron, a boy, Jacob Pope Johnson, 7 lbs., 3 ozs. born Friday, January 24 at 12:15 p.m. at Halbert Hospital in Rosebud. Grandparents are Mr. and Mrs. Edwin F. Johnson of Fort Worth and Mr. and Mrs. Edward A. Dodson of Killen. Mr. Johnson is a fourth grade teacher at Ada Henderson School in Cameron.

Club Views Exhibits

"Rediscovering America Through Art" was the theme for the January 21 meeting of the Cameron Delphin Club when it met in the home of Mrs. Maureen Hulse with Miss Mary Yoe as co-hostess.

After a short business meeting, the president introduced Mrs. Don Humble, the guest speaker, who spoke of wax casting in jewelry

making. She exhibited a number of her completed items and explained the difficulties in securing proper stones, rocks, and inexpensive silver. Mrs. Humble described her experiences in the art of "most time consuming, but extremely pleasurable."

Refreshments were served in the dining room after the program.

HD Club Meets

The Cameron Home Demonstration Club met Monday at the home of Mrs. S. F. Polzer in the Salem Community.

The business meeting was conducted by Mrs. Frank Hanel.

After the meeting, the club's visitor, Mrs. Anton Moraw, and members were served refreshments by Mrs. Polzer.

Surprise Party

Honors Mrs. Zavrel

Mrs. Mary Zavrel of Cameron was honored with a surprise party on her 79th birthday on Jan. 24.

Guests were from Shiner, Cameron, Rockdale, Ad Hall, Maraksville, Waller, Ganado, and Temple.

Her son, Joe Zavrel of Temple came to spend some time with his mother during the day.

Neal To Present Violin Recital

Ronald Neal, professor of violin at Southern Methodist University, will present a recital Tuesday, Feb. 4, at 8:15 p.m. in the Fine Arts Auditorium of Temple Junior College. The public is invited at no charge to attend this program sponsored jointly by the Central Texas Orchestral Society of the Cultural Activities Centers, Inc. and Temple Junior College.

Accompanied by Brady Millican, he will offer works by Bach, Brahms, Chausson, Ravel and Ives.

The young artist returned recently from a concert tour of the East and Bermuda. He appeared at Eugene List's 40th anniversary concerts in Philadelphia and New York, serving as concertmaster of a chamber group that accompanied the pianist in works by Bach, Vivaldi, Shostakovich, and Gottschalk.

During the fall, Neal appeared in concerts at the Eastman School of Music, Roberts Wesleyan University in Rochester, N. Y. and at the New York State University in Genesee, N. Y. He also played at the 12th annual Rochester Bach Festival.

Neal is the first violinist with the Dallas Arts String Quartet and concertmaster of the Dallas Civic Symphony.

A graduate of the Eastman and Juilliard schools of music, both of which he attended as a scholarship student,

Neal joined the SMU music faculty in September 1974 after teaching at the New York State University on the pre-college faculty at Juilliard and privately in New York.

He is a former member of the American Symphony Orchestra under Stokowski, the New York String Orchestra and the Rochester Chamber Orchestra.

DKG Sets Brunch

Beta Nu Chapter of Delta Kappa Gamma will meet Saturday, February 1, at 9:30 a.m., for a brunch at Houston's Restaurant in Marlin, with the Lott and Chilton members in charge of arrangements.

Program No. 2: "Expanding Professional Participation," with the topic "Come Out of Your Shell," will be presented by the Professional Affairs Committee. Mrs. Lillian Romain of Lott will lead the open forum, and Mrs. Lois Robertson of Marlin, and Mrs. Annie James and Mrs. Mary Stubbs of Rosebud will be the speakers.

Mrs. Thomas Glass of Rosebud will furnish music for the occasion.

Youths Seek Independence

COLLEGE STATION The desire and outright struggle for independence is a natural consequence of youth, of family life education specialist said this week. "This quest for independence usually peaks during high school years. The adolescent is trying to be free from adult dominance and take what he thinks is his rightful and logical place in society," Dorothy Taylor, with the Texas Agricultural Extension Service, explained.

Parental control over an adolescent is the greatest block in the normal course

of leaving home, according to this Texas A&M University System specialist.

She said that when youth acquire the ability to take their place as mature individuals in the economic and social world, they are ready to be free from parental control.

"Parents play a vital role in a youth's preparation for adulthood. In early childhood, a youth must be dependent upon parents--a child is unable to manage his affairs socially, emotionally, economically, or intelligently."

When a youth develops

successfully in these four areas, parents must be prepared to let the child go. This "letting go" isn't easy because it may make some parents feel a loss in importance, Miss Taylor said.

"Parental behavior should lead to independence, self-sufficiency, and self-reliance for adolescents preparing to leave home. A healthy parent-child relationship makes the whole process of emancipation more comfortable for both parents and youth. Its effects are present a person's adult life," she noted.

Credit-Free Classes To Begin At Temple

Four credit-free classes in Temple Junior College's continuing education program are scheduled to begin next week.

The classes are defensive driving, furniture refinishing, genealogy, and beginning needlepoint, Douglas Ferrill, Continuing Education director, explained.

Defensive driving will meet from 7-9 p.m. on Feb. 4, 6, 11, and 13 in Room 202 at TJC. Instructor for the class is Stan Churchill. The course will cost \$10, and is an approved course by the National Safety Council on Defensive Driving Education. The successful completion of the 8-hour program entitles the student to receive a 10 percent deduction on his liability insurance, Ferrill said.

Meeting from Feb. 4-20, furniture refinishing will be taught by Carol Scott in Room 204. The class will meet Tuesday and Thursday evenings from 7-9:30, Ferrill said. The class will provide instruction and supervision for stripping old finish from furniture and for preparing, staining, varnishing or antiquing, and waxing furniture. Students are to bring one or two pieces of furniture to class upon which to work. The student will also need wood stain and rubber gloves, he said. The class will cost \$9.50.

Genealogy, scheduled from Feb. 3-March 3, will meet Monday evenings from 7-9 in Room 112. Bernard Cocke will teach the class costing \$7 and meeting in Room 112.

The course will be an introduction to the subject of genealogical research at the beginner level, consisting of a short historical background, a collection of family history; typical sources of genealogical information on how to begin and how to

keep genealogical records, and how to obtain the maximum benefits from genealogical research efforts, Ferrill said.

Beginning needlepoint will meet Feb. 3-March 3 on Monday evenings from 7-9 in Room 107. Win Mackey will teach the class which concentrates on basic basket weave and continental stitches. In addition, at least four decorative stitches will be taught. Students will make a picture sampler.

News From Cameron N. Home

By Johnnie Tindall Activities Director

Devotional was held Jan. 14 by Don Humble.

Slides on California were shown Jan. 15 and patients enjoyed them.

Sunday, Jan. 12 and 19 church services were held with Mrs. Ramey and Pam Browder assisting.

Wednesday, Jan. 22 at 2 p.m. a birthday party was given to honor Mrs. Ella Tagal and Mr. Edward Kostis by the Ladies of St. Monica's Catholic Church.

At 4 p.m. Lynn Willy showed slides and told about her trip to Paris.

Friday, Jan. 24, music was played by a patient Mr. Thomas Fisher and a tape was played by Bill Taylor.

Other activities for the week were dominoes and bingo with prizes given.

TDA Seeks Regional Recipes
The Texas Department of Agriculture (TDA) is looking for the best regional recipes from the 25-county Blacklands area of the state for publication in the TDA quarterly magazine to begin publication in March.
Agriculture Commissioner John C. White said recipes unique to the region and old-time specialties will be stressed, but any good recipe will be considered.
Contest deadline is Feb. 14. White said the consumer-oriented magazine will take a look at a specific region of the state each quarter. In addition to recipes it will print old-time methods of food preparation in danger of disappearing. He asked anyone with tips on churning butter, drying apples, making cottage cheese, or similar processes from the past to send them in.
Recipes and tips selected for publication will be credited to the sender. They will not be returned. Mail them to the Texas Department of Agriculture, Information Section, P. O. Box 12847, Austin, TX 78711.

1040 Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the Internal Revenue Service and is published as a public service.

Q. A block on the tax return asks for county of residence. Why?

A. Under a law known as Revenue Sharing, a portion of the tax money collected

by the Federal Government is returned to the states and cities. The amount of money your local government receives is based on information you supply on your federal income tax return. So, it's important for you to fill in the County of Residence block on the front of your return. To complete this block, print or type the full name of the county (parish in Louisiana; organized borough in Alaska) in which you live. The instructions for both 1040 and 1040A forms explain how to fill in the block if you don't live in a county, parish, or borough.

Q. What are the exemptions for myself and my family this year?

A. The personal exemption for 1974 is \$750. If you file a joint return, you may also claim a \$750 exemption for your spouse. Exemptions of the same amount apply for age and blindness. Furthermore, you are entitled to an exemption of \$750 for each person who qualified in 1974 as your dependent. For more information on exemptions and dependents, consult IRS Publication 510, "Your Exemptions and Exemptions from Tax at IRS offices."

Q. My 1973 tax return was completed by a return preparer. Can I deduct the charges that I paid in 1974 for preparation of my 1973 return?

A. Yes, The cost of tax counsel and assistance is a deductible expense, and is reported on Schedule A of Form 1040 as a miscellaneous expense.

Q. I'm an Army officer and am transferring to a new assignment overseas. I received an allowance for the transfer. Is this money taxable?

A. It depends on the reason for the allowance. If it is a dislocation allowance paid upon transfer from one post of duty to another it is taxable. But, if it is a housing and cost-of-living allowance or a family separation allowance, it should not be included in your gross income.

VA Checks To Show Increases

Nearly 2.3 million veterans and survivors will receive 12 percent increases in their monthly Veterans Administration checks and 6,537 severely disabled Cold War

veterans will be eligible for \$3,300 automobile grants as a result of two bills signed recently by the President. These increases are in addition to the increases G. I. Bill education allowances that became law December 3, VA Administrator Richard L. Roudebush pointed out. The 12 percent increase applies to pensions for veterans who have become disabled from non-service-connected causes and to their widows and children. Increased also were payments to dependent parents of veterans who died or were totally and permanently disabled from service-connected causes.

County Agent's Notes

Which Crop To Plant Is Still BIG Question

By Bill McCutchen
I attended the BIG (Blackland Income Growth) meeting in Waco last Tuesday especially to hear the discussion on which crop in 1975: cotton or grain sorghum. Elbert Harp, executive director Grain Sorghum Producers Association from Lubbock spoke on grain sorghum and Don Johnson, executive director Grain Sorghum Producers Association also from Lubbock spoke on cotton.

Harp said there were a lot of ifs for 1975. He said Blackland producers were better off than plains producers as they had the opportunity to contract maize and producers further west didn't. I suppose he was basically optimistic about 1975 prices, but I couldn't tell by listening to him. Johnson didn't talk too favorably about cotton. He said

cotton price would improve when the economy improved and if anyone knew when that would happen he could give them a pretty good idea of when cotton would be profitable.

Neither of them stuck their neck out very far, and I suppose this is the only thing they could do. I don't think anyone can make a good prediction at this time on these commodities as there are too many factors involved that haven't been there before.

For instance, Harp said that a carryover of feed-grain had recently been released showing stocks down considerably. The reaction, on the market, he said, should have been upward but it has dropped steadily since.

After listening to these men, some of the most knowledgeable in their respective

fields, I still don't know the answer to "which crop in 1975?" I would still say diversification would be the best bet.

PLANT TREES, SHRUBS
If you're planning on adding trees or shrubs to your home landscape this winter, make sure you plant them correctly.

The first step in planting bare-root or balled-and-burlapped plants is to dig a hole large enough for the plant.

For a bare-root plant, the hole should be large enough to allow the root system to spread out. The plant should be planted as deep as its original soil line. This is usually about two or three inches above the uppermost roots.

For a balled-and-burlapped plant, the hole should be about one-half to one-third the diameter of the ball. Plant it so that the top of the soil ball is at the surface of the soil.

The next step, is to fill the hole with a good soil mixture such as peat moss and topsoil. Then water the plant thoroughly.

A soil ridge around the edge of the hole will help hold rainwater in dry areas as well as facilitate watering with a garden hose.

Use fertilizer only after the plant has started growing.

Tax Laws Program For Young Farmers

The Buckholts Young Farmers Chapter heard about income tax laws from a Temple law firm when they met January 20 for a regular meeting.

Roland A. Maness and Leland Gersbach of Maness, Broome, and Associates of Temple met with the group and spoke to them concerning various income tax laws.

They discussed deductible farm expenses, the retirement plan for those self-employed and various other aspects concerning farm income tax laws. A question and answer period concluded the meeting.

A&M HORSE JUDGING TEAM will be in Rockdale Saturday for a horse judging demonstration for the 4-H Horse Club and other interested persons. From left are Coach Dr. Gay Potter, horse specialist Tom Bigbee, Joan Goris, Cindy Blanken, and Penny Menefee.

Record Books Show Ag Year

The record books will show 1974 as a "not so good" agricultural year in Texas but there were some bright spots, according to current estimates of agricultural cash receipts by the Texas Agricultural Extension Service.

"Our estimates show that cash receipts from agriculture will be down about \$900 million to \$5.6 billion in 1974 compared to the record \$6.5 billion in 1973," points out Charles Baker, Extension Service economist.

"The big drop, to nobody's surprise, is in total cash receipts from livestock. Here our estimated cash receipts total about \$2.5 billion, down more than \$1.1 billion from 1973. The drop in cash receipts from beef accounts for almost all of this decrease."

Cash receipts from poultry and poultry products are estimated down more than \$100 million.

Baker's figures show more than \$3 billion in total cash receipts from all crops, an increase of more than \$200 million over 1973. Feed grains - corn and sorghum - account for most of this increase. Higher receipts are also estimated for rice, soybeans, peanuts, pecans, flax, sugarcane, sugar beets, and hay while cotton took the sharpest plunge as far as crop receipts are concerned. Cash receipts from wheat are also down.

Agriculturally related income is estimated up more than \$175 million over 1973. This includes cash receipts from timber, fish farming, hunting and fishing, horses, and other types of farm-based recreational activities, points out Baker.

"As everybody knows by now, the plunge in cattle prices is the main reason for the big drop in cash receipts from livestock," explains Baker. "On the crop side, cotton was ham-

pered by both low prices and terrible weather conditions."

What does 1975 hold in store for Texas agriculture? "Much depends on the overall economy of this country and the market situation for agricultural commodities," says Baker.

"Crop production should be up except for cotton. Livestock production should also continue at high levels although pork and poultry production may be down some."

Migration Pushes Cattle Numbers Up

Relief from the present cattle situation can only come about through a reduction in cattle numbers or cattlemen, believes Dr. Ed Uvacek, livestock marketing specialist with the Texas Agricultural Extension Service.

"Migration into the cattle business was fast and furious during the last few years due to several factors but particularly the high calf prices of 1972 and 1973," says the specialist with the Texas A&M University System.

"Many went into the business as weekend ranchers while others put everything they had into it. As a result cow numbers in the United States by mid-1974 had increased by 16 percent over 1970 levels."

Now, with this oversupply of both cattle and cattlemen, a liquidation must occur. Uvacek contends that the true cattleman, whose major source of income is from the cattle business, is the one who has been hurt the most during the present crisis. He has no other place to turn for income and is forced to cut down on his cattle herds.

Judging Team Up For Club

By Kenneth Waites

The Texas A&M Horse Judging Team has been invited to put on a judging demonstration in Rockdale at Fair Park on Saturday, February 1 at 9 a.m. This training is being sponsored by the Milam County Extension Service, and the Milam County 4-H Horse Club.

The A&M team consists of the following members: Coach, Dr. Gary Potter; horse specialist, Tom Bigbee; Joan Goris, Cindy Blanken, and Penny Menefee.

The A&M team won first place at the Odessa Stock Show held on January 6 in judging competition with 10 other college teams and some 35 4-H & FFA judging teams.

At "The All-Ame: 'can Quarter Horse Congress" held in Columbus, Ohio this past October 20 through 27, the A&M team also won first place in judging competition with 22 other colleges and universities.

All those who are interested please bring your horse and saddle. If you have any questions please contact the County Extension Office or Mrs. Ray Biehle in Rockdale.

Jones To Compete In Calf Scramble

Bill Jones, 4-H club member, will compete in the world's largest calf scramble at the Mar. 1 evening performance of the Houston Livestock Show and Rodeo. He is the son of Mr. and Mrs. Sam Jones Jr. of Gause.

The calf scramble, a feature of the show since 1942, was started to allow 4-H and FFA boys an opportunity to get started in the beef or dairy cattle business. Winners at each of the rodeo performances receive certificates to buy registered females which they bring back for judging at the next year's livestock show.

Since its inception, more than \$1 million has been paid by the livestock show to youngsters to buy their animals.

Sweet And Sour... Meat Import Bill... Citrus Production Declines... Milk Production Drops... A Tearful Story.

Had the rest of the nation followed Texas in production of honey during 1974 there might have been some help for consumers in a substitute for sugar. Texas honey production in 1974 was up four per cent over 1973, but unfortunately honey produced throughout the nation was down 22 per cent in 1974 compared to 1973.

In Texas there were 210,000 colonies--the same as in 1973--and production totaled 10,290,000 pounds which was almost a half million pounds more than a year before. And while Texas honey bees averaged 49 pounds of honey per colony in 1974, nationwide honey bees averaged only 44 pounds per colony.

Producers had a sweeter price. They averaged 45.7 cents a pound compared to 43 cents per pound. All in all, Texas honey and beeswax value for 1974 was worth almost \$5 million.

A NUMBER of bills relating to agriculture will be introduced in Texas legislature. Among them is a bill which would prohibit purchases of imported meat by state institutions.

The bill would affect institutions such as colleges, prisons, and hospitals. Bids would be accepted only on fresh or frozen meat grown and processed in the United States. Similar regulations have been instituted in Missouri and Colorado.

Purpose of the bill is to aid the failing livestock industry in Texas. Beef imports continue to be a subject of immense interest to livestock groups who have tried to get imports sharply curtailed.

Only voluntary restraints from the importing countries have been made. Australia and New Zealand are the two major beef importing countries. Imports decreased slightly in fiscal year 1974 while beef production has increased sharply.

Livestock producers continue to be caught in a situation of higher production costs and huge declines in prices they receive for their cattle. Feeder cattle prices, for example, are two-thirds below parity.

IF YOU like Texas-produced citrus (and who doesn't?) you won't like the latest production estimate from the Texas Crop and Livestock Reporting Service on that commodity.

Citrus production in Texas now is estimated to be 27 per cent below last season. The small crop is the result of bloom damage received from a hard freeze during the winter of 1973.

Grapefruit production is expected to total 7.8 million boxes; this is 27 per cent under a year ago. Early and mid-season oranges are forecast at 3.6 million boxes, down 14 per cent. Valencia oranges are set at 1.9 million boxes, a 21 per cent reduction from the last season.

MILK production in Texas continues to take its lumps, too. Production in December is three per cent below a year ago. Nationwide, milk production is four per cent below what it was in 1972.

THE SPRING onion crop in Texas is now estimated at 17,500 acres, which is 3,500 less than in 1974. Seeding is virtually complete. Because of heavy rains at planting time, peak shipments of onions are expected to be later than normal this year.

Harvest of a few Lower Valley fields is expected to begin about mid-February.

Fertilizer industry spokesmen did not indicate what prices might be for 1974, but a U.S. Department of Agriculture study shows a 10 to 15 per cent increase in price is in the offing over the prices of 1974.

SHEEP and lamb feeding continues to decline. Drylot sheep feeders with a lot capacity of 2,000 head or more had only 59,000 sheep and lambs on feed for slaughter as of Jan. 1, the Texas Crop and Livestock Reporting Service notes.

This is 45 per cent below a year earlier and the lowest Jan. 1 total since 1970. Placements during last December totaled 22,000 head.

Current intentions to market include: 23,000 in January; 23,000 in February; and 13,000 in March. February and March intentions are incomplete at this time because additional lambs could still be placed on feed and marketed during the period.

Marketings during December numbered 35,000 head, which is 4,000 more head than intended marketings of last Dec. 1 and 22 per cent below a year ago.

COTTON production figures for Texas continue to decline, reflecting the severe weather conditions for that crop last year. Harvest is virtually complete.

Average per acre yield is now set at 279 pounds. This would be the second lowest yield of the past 20 years.

Total production of cotton for the state for the 1974 season will be two million bales under that of 1973. The anticipated total now is 2,620,000 bales. In 1973, the total was 4,673,000 bales.

Currently, the estimate for cotton production in the Valley is around 150,000 to 175,000 acres. This would be about 40 to 50 per cent less than in 1974. Similar cuts in production are expected throughout the state.

Reuters International News Briefs

Cameron, Texas, Herald, January 30, 1975 Page 7

MOSCOW

Cynical Soviet citizens who wrote off their large collections of postwar national investment bonds as a bad debt to the state must be gnashing their teeth this year. For after 30 years in which bonds were devalued, used as wallpaper, shelf-lining, or simply lost, the Soviet government has begun redeeming them.

WASHINGTON

The Vietnam peace agreement, that brought Secretary of State Henry Kissinger a Nobel prize, is nearing its second anniversary on this month with as much blood being shed now in South Vietnam as at the peak of the war.

LOS ANGELES

The 1972 Olympic swimming champion, Mark Spitz, is disappointed that the movie career he planned has so far failed to materialize, according to an associate, but is taking acting lessons and still hoping for a breakthrough. Spitz's appearances on television have also dwindled since he was eagerly sought after when he returned in triumph from the Munich Olympics with seven gold medals.

EAST BERLIN

Introducing "Syni" the singing computer, the only one of his kind in the world. This is the claim of his East German mentors—scientists and students at Dresden's technical university who took five years to create and install Syni. His voice is his own.

ROME

The terrifying story of a woman paticat burned to death while bound to her bed in a prison asylum rekindled public awareness of Italy's scandalous prison facilities. Before she died, Mrs. Antonia Bernadini was able to tell magistrates that she set fire to her sheets in order to attract attention after waiting for hours for a glass of water.

MADRID

Air pollution and mushrooming apartment blocks are messing up the face of Madrid. Gone are the limpid blue skies that Velazquez Goya and other great masters loved to paint. Even their priceless paintings are threatened by the smog seeping into the exhibition halls of the Prado, one of the world's most important art museums.

RANGOON

Burmese factory workers are having to hold down two or more jobs to make ends meet, according to an official report. The latest report of the People's Workers Council of the Dagon area here said that as a result of this there was absenteeism from production lines at state-owned or state-supervised plants.

LONDON

Driving on the left side of the road may have to be adopted in the United States to cut down an increasing number of tornadoes, according to a science magazine here. The scientists claim to have evidence that in areas north of the equator, vehicles driving on the right hand side of the road in two opposing streams of traffic may generate whirlwinds strong enough to develop into tornadoes.

Sports Spotlight

By Forrest Guess

A real view of competition between the girls of Yoe High was unveiled at the annual Powder Puff football game last Thursday night. Sometimes girls sports are overlooked and the males seem to take over the sports scene. With a new plan schools in the state are implementing more athletic events for the young females.

At the Powder Puff game a display of competitiveness was shown by the girls. They seemed to like the chance to compete. By next year the girls basketball program will be started in the Cameron school system. Starting a new program there are problems and a major one is the lack of facilities. A stern look at this problem may require the building of extra facilities for the school system.

With facilities, different programs could even be started to help the youths of Cameron to become involved in athletics.

Giving the girls and youngsters a chance to participate in competitive events has been a long time being introduced, but with strong support the program is possible. Everyone should have a chance to join in athletic events which is a part of a total learning experience.

Coch Poole had the following comments about the

basketball workouts and games last week. "We're real concerned with the next few games, and we are going to have to continue our fine effort in order to win. I was real proud of Harry Brooks and Gary Hornung this past week. Our offense and defense is designed so that we must have a complete team effort in order to win and we have really been proud of the team work."

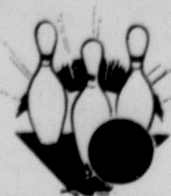

"We ran the press in the Friday night game and we need to continue working on it. Some key positions need working on during the press."

I asked Coach Poole how the team keeps from getting into foul trouble. Coach Poole said: "We are switching off real well and helping out. When one of the players sees that he is going to foul, he will lay off and get some help."

Going out and watching the talent on this 2A team is exciting. Every team has a couple of "hot dogs" but I have never seen the depth in one team. Each player has an important part in every win that the Yoemen tally. It is always great to see the team effort and the ultimate victory that the Yoemen have worked so hard to get.

"Our next few games are real important and we are looking forward to continuing our winning record."

HERALD SPORTS

Page 8 Cameron, Texas, Herald, January 30, 1975

Yoemen Extend Season Record

The Cameron Yoemen extended their season winning record by downing the Leander Lions, 81-28. This is another district win for the Yoemen and the Yoemen continue to lead in district 23-AA.

In the first quarter the Yoemen netted a 13 point advantage over the hapless Lions. The Yoemen were playing without the services of Ronnie Bennett and Jafus White.

The usual rebounders and high scorers were out and the absence was hardly missed. Gary Hornung and Harry Brooks took the bulk of the work and did a splendid job. Brooks brought down 22 touch rebounds in the evenings efforts while Hornung was pressing hard with 20.

By the halftime intermission the Yoemen blazed to a 40-16 lead. The Yoemen con-

trolled the hardwood with the team work that has allowed them the honor of the district lead.

The third quarter was more of the same for the Yoemen as they had easy going in dumping in 16 points to the Lions 4.

The high scorer was split between the big rebounders Hornung and Brooks. Each tallied 22 for the winning effort.

By the final buzzer the Yoemen had increased their advantage to 53 points. From the field the Yoemen hit a cool 38 percent for the night, while the Lions rimmed 14 from the field out of 47 attempts.

The Yoemen went to the grace line 26 times connecting on 11. The Lions sank 2 out of 8 free throw attempts.

The junior varsity hit

trouble without the services of regulars, David Kornegay and Dennis Butler. The two were pulled up to the varsity because of the absence of Bennett and White.

At the halftime buzzer the junior varsity cagers were looking at a six point deficit. James Walker's 16 points was enough to cook the Lions roar. The Lions continued their lead and by the final buzzer were able to sport a 7 point advantage over the junior varsity Yoemen. Tim Crider led the scoring attack for the Lions with 17 points.

In the freshman roundball action the Yoemen ripped the Lions, 65-41. The Yoemen sported an advantage over the Lions at each quarter and had padded a 9 point advantage at the end of the first quarter.

By the halftime buzzer the frosh continued the lead with a six point topping. Roderick Kelley blazed the net for 16 points and the high pointer for the freshman cagers. By the final buzzer the freshman poured on the attack and accumulated a district win by 24 points.

OJT Roundballers Split Win With Caldwell

The O. J. T. roundballers were in action Monday night against the Caldwell Hornets. The Yoe Yoes split wins with Caldwell with the seventh graders falling short, 39-11, while the eighth graders won, 28-25.

In the seventh grade game the Yoe Yoes could never find their way to the lead during the game and at the half, the Yoe Yoes were down by 18. Dow Dodd led the scoring attack with 4 points for the evening. Dean Lewis, Martin Luecke, and Chris Riola rounded out the scoring with 2 each.

The eighth grade Yoe Yoes came one step closer to

their district championship by downing Caldwell in a close victory. Ronald Cobb's 12 points set the pace in the scoring department for the Yoe Yoes. The undefeated Yoe Yoes took a three point advantage at the halftime buzzer. The eighth grade cagers led at each quarter, and by the final buzzer, took the 3 point victory.

The Yoe Yoes will end their season this Thursday night in Rosebud-Lott. The eighth graders of Cameron can take the district title with a win over Rosebud-Lott. The Tigers are now in second place and have only suffered one district loss in the loop and that was to Cameron.

P&W Stocking Walleye Fry

Some 23 million walleye fry and fingerlings will be stocked in Texas lakes during 1975, according to Texas Parks and Wildlife Department plans at this time.

A preliminary schedule of stockings and deliveries prepared by Larry Campbell, TP&WD biologist in charge of walleye culture, shows that 20,500,000 walleye fry will go in six public lakes in the first part of April 1975.

These tiny larvae or fry will be produced in department laboratory facilities and stocked directly from hatching jar to lake without tying up valuable hatchery pond space needed for rearing fingerling bass and other native fish.

Lakes tentatively scheduled to receive the tiny fry are Conroe, Texoma, Possum Kingdom, Palestine, Eagle Mountain, and Fort Phantom Hill, with subsequent stockings in all these lakes plus Cedar Creek Reservoir.

Between two and three

million fingerlings will be reared at San Angelo, Dundee, Eagle Mountain, Possum Kingdom, and Lewisville State Fish Hatcheries and the National Fish Hatchery at Fort Worth.

Tentatively, these larger walleye are slated to be stocked the first week of May in 12 public reservoirs: Moss Creek, Buchanan, Fort Phantom Hill, Falcon, Grapevine, Arlington, Bridgeport, Stillhouse Hollow, Sam Ray-

burn, Waco, Somerville, and

Texarkana. Statewide walleye project leader Joe Drall of Canyon said that confirmed recoveries of walleye have been made in 23 public Texas lakes.

Three of the lakes-Marbel Falls, Travis, and Granbury-were not stocked by the TP&WD but have walleye in them as a result of fish running downstream from stockings in other lakes on the Colorado and Brazos River systems.

At the first of February, Kral and other fisheries biologists on the project will start surveys to determine reproduction in any of the lakes stocked.

Murray-Go-Round

By Tom Murray
BOWLS, NOT POLLS:

Bowl games are good for college football and should not be minimized.

But, the Bowls are being misused by the Pollsters in such a way they are turning off great throngs of fans--the very lifeblood of college football.

Bowl Games are a phoney substitute for a National Collegiate Championship Playoff for obvious reasons. However, bowing to the pressure of the elite and powerful Big City Media--cheerled by Pen State's Joe Paterno--the Polls now choose their mythical National Championship after Bowl results are in.

Naturally, those televised carnivals--in a neutral stadium--six weeks after the regular season is finished, not only produce some strange results: they also carry too much weight with the poll voters.

USC NOT BEST:

Take the sudden rush to USC after John McKay's team edged Ohio State in the Rose Bowl. All of a

sudden, the Trojans are National Champions and to heck with erstwhile Number One Alabama. Paul (Bear) Bryant's Crimson Tide had the audacity to take a one-point defeat in the Orange Bowl to an emotionally crazed Notre Dame team playing its last game under Ara Parseghian.

The Notre Dame loss, not exactly like a 7-6 defeat by the Poor Sisters of Charity, was Alabama's only misstep in a 12-game season. And yet, your new UPI, and the Coaches, National Championship--lost one game too... and tied pitifully weak California.

McKay's proud Trojans did not lose. They were horsewhipped, 22-7, by Pore Ole Arkansas, fourth place finisher in the much-maligned SWC. Arkansas, you know, was beaten, 38-7, by the same Texas team Auburn killed in the Gator Bowl. How can a team with that splotch on its chest X-ray be considered the National Champion over the likes of Alabama, Michigan, Penn State, or one of several others?

Sports Roundup

BARTLETT
The Bartlett Bulldogs split wins with Thrall in Tuesday night district action. The Bartlett girls took a 55-43 win over Thrall. The Bulldogs took an early lead and Thrall was never able to meet the Bulldog attack. Florence Davis led the attack for the Bulldogs with 28. Debbie Fuchs dumped in 18 for the losing effort. In a close nip and tuck game the Bulldogs fell short of a strong Thrall attack through the game. At the halftime intermission the Bulldogs were on top by one point, Mike Walker blazed the net for 23 points for Bartlett while Lynn Slade rimmed in 15 for the winning effort. But in the closing 2 minutes Thrall extended the lead by seven points and the Bulldogs couldn't close the gap. The final score in the district loop roundball action was Thrall 55 and Bartlett 50.

TROY
The Troy Trojans increased their district ledger by topping the Holland Hornets 63-56. At the halftime intermission the Hornets secured a 3 point advantage. But the lead changed hands throughout the fourth quarter with the Trojans blazing the rim. In girls action Troy sported a big 74-55 win over the Hornets.

CALDWELL
The Hearne Eagles dumped the Hornets 65-43 in a district action. The Eagles hold on to second place in District 23-AA. The hapless Hornets found the Eagles pressing to tough and by the first half the game was out of control. The Hornets slate in district action is 2-7.

AUSTIN
A \$90,740 development project for Big Sandy Creek Park at Lake Travis has been announced by Gov. Dophp Briscoe. The Bureau of Outdoor Recreation and the Lower Colorado River Authority will each pay 50 percent of the project's cost. Construction includes roads, restrooms, campsites, picnic sites, group picnic sites, nature trail, traffic control barriers, and utilities.

ROGERS
In junior high action, the Rogers cagers tallied easy wins over Florence. The Rogers boys walked away with a 33-14 win while the Rogers girls whipped Florence, 501-4. Barry Nabours set the pace for the Rogers boys with 11 while John Smith dumped in 6 for the Florence attack. In the girls game Tammy Williams smoked in 10 that helped lead Rogers to a 36-5 halftime advantage. The win for the girls increased their season ledger to 13-0 and a 5-0 district slate.

ROCKDALE
The REACT Club of Milam County will meet in a regular session this Saturday night. The meeting is scheduled to begin at 7:30 p.m. in the Social Room of the Rockdale State Bank. All interested persons are invited to attend the meeting.

John L. Carey, District Director of the Houston District Office announces C. H. Creed, Small Business Administration representative, will be at the Bryan-College Station Chamber of Commerce Office in Bryan, on Wednesday, February 5, from 8:30 a.m. to 4 p.m.

The Chamber Office is located at 401 S. Washington, Bryan. Anyone interested in learning more about SBA's services should call the Chamber of Commerce, telephone 822-3721, to schedule an appointment with Creed.

CAR TRAVEL

The average car in the United States travels about 10,000 miles each year and consumes more than 700 gallons of gasoline.

ANOTHER GREAT VARIETY FROM ROGERS

QUAPAW
cotton

GOOD PRODUCTION
Quapaw cotton has a consistent high lint yield with approximately 85 pounds per bale more seed production than most other varieties.

GOOD MICRONAIRE
Quapaw's early maturity gives consistent good fiber with micronaire between 3.8 and 4.5 (well within market specifications). Quapaw's micronaire is an important price factor in today's market.

GOOD FIBER
Quapaw cotton matures early resulting in consistency of fiber elongation. Staple length 31/32 to 34/32. Quapaw is a mature fiber of high natural luster. "The mills like it."

GOOD COLD TOLERANCE
Reports from growers (Texas Valley to High Plains) say that Quapaw can withstand more adverse conditions than most varieties resulting in "less plant over." Quapaw is bred for "once over harvesting" and is adaptable for either picker or stripper.

UNAUTHORIZED PROPAGATION PROHIBITED--U.S. PROTECTED VARIETY

Obituaries

Niles

Funeral for Wilton Scott Niles, six-week-old son of Mr. and Mrs. Wilton J. Niles of Temple, was at 2 p.m. Wednesday at Marek-Burns-Laywell Funeral Home, with Minister Charles D. Lindley officiating. Burial was in Oak Hill Cemetery.

The child was found dead Sunday afternoon by his parents in their home. Justice of the Peace Joe Harrison is withholding a ruling pending results of an autopsy. Surviving are his parents; his grandfather, Louis Niles of Sisseton, S. D.; his maternal grandparents, Mr. and Mrs. Ira Pack of Cameron; his great grandmothers, Mrs. Ida Walter of Rockdale and Mrs. Mabel Jackson of Wilmot, S. D.; two sisters, Tanya Lynette Niles and Rose Marie Niles, both of Temple; and several aunts and uncles.

Fox

Randy Lee Fox, 19, of Rt. 1 Rosebud died Saturday in a Temple hospital after a short illness.

Funeral was at 2 p.m. Tuesday at Hoelscher Funeral Home with the Rev. James McGlothlin officiating. Burial was in the Powers Chapel Cemetery.

Mr. Fox had lived in Rosebud for the past four years. Surviving are his mother and stepfather, Mr. and Mrs. Joe Jester of Rosebud, his father, George W. Fox of California; four half-brothers, Charles Slater, James Slater, and Carl Ray Reynolds, all of California, and Joe Avarette Jr. of Sicily; and one half-sister, Mrs. Matilda Reched of California.

Raby

John B. Raby, 61, formerly of Sharp died Friday in a Houston hospital after a short illness.

Graveside service was held at 3 p.m. Tuesday in the Sharp Cemetery with minister Charles Lindley officiating.

Mr. Raby had been a resident of Houston for the past 25 years.

Surviving are a brother, Joseph A. Raby of Walla Walla, Wash.; two sisters, Mrs. H. C. Brown of Port Arthur, and Mrs. Alvin J. Rinn of Bryan.

Green Funeral Home of Cameron was in charge.

Evers

Bruce Evers, 81, of Cameron died Sunday in a local hospital.

Funeral was at 9:30 a.m. Tuesday at Fuqua-Everett Funeral Home in Texarkana. Burial was in the Fouke Cemetery in Fouke, Ark.

Mr. Evers was a retired grocer and had lived in Cameron for the past four years.

Surviving are a daughter, Mrs. Barbara Burke of Cameron; and one grandchild.

Drummond

Dick Dalton Drummond, 43, of Rockdale died Thursday of an apparent heart attack. Funeral was at 2 p.m. Saturday at Phillips and Luckey Funeral Home with the Rev. Waldemar Wendel officiating. Burial was in the IOOF Cemetery.

Surviving are his widow, Mrs. Delores Drummond; a son Terry Lynn Drummond of Rockdale; two daughters, Lisa Jo and Annissa Ann Drummond of Rockdale; his mother, Mrs. Lizzie Drummond of Rockdale; a brother, W. E. Drummond of Guam; a sister, Mrs. Joy Kenjura of Brenham; and one grand-son.

Overton

James C. Overton, 77, of Abilene, retired grocer, died Friday, Jan. 24 in a nursing home where he had been a patient since September.

Services were held at Elliott-Hamil Funeral Home. Born Aug. 8, 1897 in Cameron, Mr. Overton married Birdie Lou Roberts on Jan. 3, 1927 in Wichita Falls. They moved to Abilene in 1948 and a grocery store before moving to New Mexico in 1949. There he owned and operated the Overton Cash Grocery. They returned to Abilene in 1973.

Mr. Overton was a member of the Belmont Baptist Church.

Surviving are his wife; a son, Roy C. of New Mexico; a stepson, Truett Roberts of Abilene; a sister, Mrs. Fred Taegel of Cameron; three grandchildren and two great grandchildren.

State Store License Not Required

Comptroller Bob Bullock reminded Texas business operators Saturday that the state store license requirement has been abolished.

Bullock said his office has been besieged with calls and letters this month by businesses which were unaware that the license requirement was repealed as of Dec. 31, 1974.

"Obviously, the past administration didn't get the message out," Bullock said. "I consider it good news that we've been able to do away with the store license."

The store license, which started at \$5 for a single store, was a minor revenue source. Its repeal by phases was ordered by he Legislature in 1971.

Bullock said that some 240,000 stores in Texas had previously been covered by the license act.

He said his office is returning license money still being sent in by businesses unaware of the repeal.

"It's gratifying to see businesses voluntarily trying to do right and pay their taxes, but in this case we are saying 'thanks, but no thanks'," Bullock said.

By Mrs. W. McDaniel

The chili supper was well attended Saturday night serving about 75 people. This is a yearly event to start off our "Lay Witness Crusade" which started Saturday night and will be each night at 7 p.m. till Wednesday night. Guest speaker was Dan Kubiek of Rockdale and special music was brought by J. C. Payne and daughter Michal of Round Rock.

The community extends sympathy to Mr. and Mrs. Jim McDaniel and family at the loss of his son-in-law, Dick Drummonds, of Rockdale. Dick died of a heart attack while at work Thursday morning near Gause. Dick's wife was the former Delores McDaniel of our community. He was 43 years old. Services were Saturday at 2 p.m., Phillips and Luckey Funeral Home. Burial was in IOOF Cemetery in Rockdale.

Mrs. Nora Catchins and Mr. and Mrs. Walter Dolly and Jennie of Luling came Sunday to visit with Mr. and Mrs. Scott Troutman and Pam.

Mom Smith of Sweetbriar in Taylor is spending this week with her daughter Mrs. James Terry and Mr. Terry so she can attend the Crusade.

Mrs. Buster Guthrie, Mrs. W. McDaniel and Mrs. Pearl Andrews attended a tupperware party Wednesday morning at the home of Mrs. Jim Ellis of Rockdale.

Mr. and Mrs. Randy Robinson visited her folks in

Houston over the weekend.

Mr. and Mrs. J. C. Payne and children of Round Rock visited their parents Saturday. They all attended the funeral of Dick Drummonds in Rockdale Saturday afternoon.

Guinn Gifford returned home from Richards Hospital in Rockdale this week.

Mr. and Mrs. Buddy Limmer were dinner guests of his sister, Mrs. C. D. Fuch and Mr. Fuch of Round Rock. They all visited a sister Rosie in an Austin resthome Sunday afternoon.

Alice Kyle of Rockdale spent the weekend with Sherry Robinson. She also attended Sunday school and church Sunday morning.

Mr. and Mrs. James A. Smith and Dianna were visiting Mom Smith and Mr. and Mrs. James Terry Saturday afternoon and they attended the chili supper.

Visiting Mr. and Mrs. Donny Heine were Mr. and Mrs. Johnny Westbrook and daughter of Austin, Mr. and Mrs. Bill Archtruth of Thorndale, Mr. and Mrs. J. C. Payne and Robby and Shelton of Round Rock.

Several women from our community attended a party at the home of Mrs. Dan Beason Wednesday.

Sunday afternoon visitors of Mr. and Mrs. W. McDaniel were Janet Black and David Sustaine of Fairfield and Mr. and Mrs. Pat McDaniel and Edgar McDonald.

Visiting their parents the Buster Guthries over the weekend were the Jimmie Guthries and girls

By Mrs. Gerald Foshea

Mrs. Herman Dornier Jr. attended the new home "open house" of Mr. and Mrs. Kenneth Marek and family of Meeks on Sunday evening.

Mrs. Gilbert Green, Tammy and Mike of Temple and Mrs. Ronnie Dornier and Diane spent Sunday evening with Mrs. Herman Dornier and Yvonne.

Mr. and Mrs. Foy Benesh of Houston spent the weekend visiting Pete Benesh and Mr. and Mrs. Billy Ray Benesh.

Mr. and Mrs. Jake Futschik spent last weekend visiting Mr. and Mrs. August Futschik and family of San Antonio.

Mrs. Jake Futschik and Mrs. Annie Olbrich visited Mrs. Stephanie Olbrich of Westphalia on Sunday evening.

Mrs. Aleta Marek, Mrs. Bob Wied and Mrs. Mary Hensel visited Mrs. Mertie Weiser of Rosebud last Wednesday night.

Mrs. Betty Ralston and Bobby and Shirley Tumis of Temple and Mr. and Mrs. Thomas Polk, Darrell and Donald of Rosebud visited Mr. and Mrs. Gerald Foshea during the weekend. Carla returned home on Saturday after spending the week here.

Mr. and Mrs. Robert McCollum and Sharon and Mr. and Mrs. George Pool of Waco, Mr. and Mrs. Roy Lee Franklin of Bryan, Carla Ralston of Temple and Mr. and Mrs. Tommy Layne and

boys of Rosebud visited Mrs. J. T. Prescott and Jake during the weekend.

The Leonard Pelzels and the Alan Pelzels had supper with the Houston Browns and boys of Troy on Friday night.

Mrs. L. Pelzel and Mrs. A. Pelzel, Mrs. Stanley Kirk and Kristi and Mrs. Wayne Weiser and Patricia of Cameron attended the open house of the new Gommert Funeral Home at Rogers on Sunday evening January 26.

Mr. and Mrs. Billy J. Kilpatrick, Mr. and Mrs. Lynn Heugatter and Allison of Temple, Mrs. Jo Heugatter of Rosebud and Mrs. Aleta Marek visited Mr. and Mrs. W. G. Marek and Charles on Sunday.

The James Bosticks and girls of Fort Worth, James Forrest, Pat and Susan of Garland, Kevin and David Ermis of Albuquerque, N. M. visited Mr. and Mrs. Phil Krause recently.

Mr. and Mrs. Will Stoebner, Ervin Stoebner, Mr. and Mrs. Frank Jahn, August Helpert and Mr. and Mrs. Phil Krause attended the Installation of Sons of Hermanns Lodge officers at Reagan on Sunday evening January 19 with the Marlin lodge as hosts for the occasion.

Mr. and Mrs. David Krause, Darren, Michele and Stephanie of San Antonio spent the weekend with their parents, Mr. and Mrs. Phil Krause.

Mr. and Mrs. Henry Davenport, Mrs. Mertie Weiser and Mrs. Selma Jones visited Mr. and Mrs. Willie Adams on Friday night.

By Mrs. Bill Thweatt

Mrs. Willie Phipps enjoyed her following children for the weekend: Mr. and Mrs. Art Poch, of New Braunfels, Mr. and Mrs. Rush Price and Mrs. Thomas Hickman of Waco.

Mrs. Lou Childers, Mrs. Odena Childers, and Mrs. Marie Ball of Baytown visited Mrs. Bill Thweatt Saturday. Mrs. Thweatt joined the group for a visit with Mr. and Mrs. Billy Thweatt of Georgetown on Sunday. They went to Austin for an outing on Monday.

Mr. and Mrs. Robert Glenn visited their son and family Rev. and Mrs. Bobby Glenn of Seguin.

Mr. and Mrs. Wilson Pool and Mrs. Mildred Martin attended Workers Conference Monday night at Meadowbrook Baptist Church in Rockdale.

Mr. and Mrs. Verne Pentecost attended the wedding of their grandson, John Florida III, in Hearne at the First Baptist Church. Others attending from the community were Mr. and Mrs. Ervin Stoker, Mrs. Helen Jamison and Mrs. Amanda Crook.

Mr. and Mrs. Wayne Kelley and children from Houston were weekend guests of Mr. and Mrs. Verne Pentecost.

Miss Susie Atkinson was Monday dinner guest of her aunt, Mrs. W. C. Brown, of Cameron.

Mr. and Mrs. Luther Todd entertained with a get-together Wednesday for Mrs. Ruby Small and Mrs. Jewel Smally, Mrs. Todd's sisters, and Mr. and Mrs. J. E. Harrell, Mrs. Helen Jamison and Mrs. Amanda Crook. Games of forty-two were enjoyed.

Rev. and Mrs. Doyle Young were dinner guests of Mrs. Faye Johnson Sunday. Next Sunday February 2 the pastor will be ordained in his home church in Temple at 2:30 p.m. at Immanuel Baptist Church. The public is invited to attend. There will be no evening service at Little River Baptist Church due to the ordination service being held in the afternoon.

DENNIS SEBESTA

Marine Sgt. Dennis R. Sebesta, son of Mr. Robert T. Sebesta of Route 4, Caldwell, has completed the Supply Non-Commissioned Officer Leadership Course at the Marine Corps Base, Camp Lejeune, N. C.

During the 12-week course, Sebesta received instruction in service support leadership, manual supply accounting and basic computerized record keeping.

THE SMARTS, gospel singing evangelistic quartet of Denver, Colo., will be sharing their ministry in song at the Evangelical Brethren Church at Buckholts on Thursday, Jan. 30. Service begins at 7:30 p.m. Everyone is invited to come and enjoy some good gospel singing.

Gause News

By Mrs. Wanda Lee

Last Monday night the Baptist Church sponsored a skating party at the Rockdale skating rink at which some forty youngsters and adults attended and had an enjoyable time.

Mr. and Mrs. Koye Cass visited in Lexington Saturday night with the Jimmy Cass family. They went especially at this time to help Carmen celebrate her third birthday.

Mrs. Lizzie Rains has been a patient in the Hearne hospital. Her father, Roy Fuller was taken to the hospital in Cameron one day this past week.

The Blake Baileys recently visited in Austin with their daughter and grandson, Billye Drago and Blake. Then they all visited in San Antonio with another daughter, Betty Jean and family.

The Kenneth Sheppard family have purchased purchased a mobile home and have it on land out on our farm to market road behind the school.

Mr. and Mrs. Mike Lange and Paula of West Columbia visited this past week in the home of Mr. and Mrs. Louie Lange. Louie and Margie both had a bad case of the flu, and Mike also had it.

It seems each week we hear of some one else in the community that has the flu. If you haven't had it feel lucky, from the way everyone

who has had it talks about it--ugh, it must be a sick, sick.

Sunday was such a beautiful day. We had lunch with the Cernuchs, then spent the afternoon walking through the woods. It was a very enjoyable, relaxing day.

Mr. and Mrs. Dennis Ely, Denise and Chris of Bryan spent the day Sunday with Mrs. Anna Mae Ely. They had a very enjoyable day which included a trip to the zoo in Waco.

Sharp Friendship Tracy

By Mrs. Leroy Guillote

Rev. Ike Hargrove has been a clinical patient at the V. A. Hospital in Temple. He has received good reports.

Terry Lock was Sunday visitor of Marcel Walker.

Sunday guests of Mrs. Minnie Lee Collier were Lucille Cryer and Brenda Trombatore.

Mrs. Ruby Hodges was honored on her birthday with a supper in Mrs. Luene Gersbach's home.

We are sorry to hear Mrs. Alice Rhodes brother, Alvin Walker is a heart patient in Holly Cross Hospital in Austin.

Mrs. Lanis Petty has returned home after having surgery at Scott and White Hospital.

Mrs. J. D. Pope spent Friday night in Austin with Mr. and Mrs. John Dewey Pope and Mellissa.

Mr. John B. Raby, who was born and raised in Sharp, passed away, and graveside services were held Tuesday evening at the Sharp Cemetery.

Sunday will be church day in the Sharp Presbyterian Church. Visitors are invited to come share the services.

Mrs. James Beard Sr. is on the sick list with the flu.

Edna, Norma and Agnes Rinn visited with relatives in Holland Sunday afternoon.

Mrs. Vernon Honea, Kerry and Kay of Cisco spent the weekend with her parents, Mr. and Mrs. Roger Gilleland. Sunday guests of the Gillelands were Duke Gilleland of Temple, Miss Cindy Bounds of Belton, Mrs. Bob Ross and her granddaughter, Shane, of Rockdale.

Mr. and Mrs. Tim Hanke and son, Joe Wayne of Palacios spent the weekend with his parents, Mr. and Mrs. Carl Hanke. Sunday

Mechanics Needed

By Civil Service

The Civil Service Commission today announced an immediate need for skilled automotive equipment mechanics and heavy automotive equipment mechanics for Federal jobs with the Department of the Army, Ft. Hood.

Detailed information and application forms for these jobs may be obtained from the Dallas Area Office, U. S. Civil Service Commission, 1100 Commerce St., Dallas, Texas 75202, or you may call toll free, 1-800-492-4400.

visitors of the Hanke's were Mr. and Mrs. Lester Hanke of Copperas Cove, Mr. and Mrs. Ernest Hanke of Buckholts and Mr. and Mrs. Preston Schwartz.

Dewey Pope of Jacksonville, Florida visited with his father, J. W. Pope, Mr. and Mrs. Leroy Guillote and Mr. and Mrs. Bill Pope.

Weekend guests of Mrs. Wavy Charles were Mr. and Mrs. W. P. McElroy and son, Joe of Corpus Christi and Mr. and Mrs. Odell Charles of Austin.

Mrs. Wavy Charles, Mrs. Mabel Charles and Mrs. Josephine Guillote represented their Tracy-Duncan Home Demonstration Club when they attended a meeting held in Cameron, with Janice Carberry, of the extension service of A&M as the speaker. Miss Carberry discussed "Managing Family Resources."

Mr. and Mrs. Leroy Guillote were guests of Mr. and Mrs. Robert Stevens, daughters Carolyn and Lori, Saturday night. Mr. and Mrs. Randy Eden of Round Rock spent a while also with the Stevens.

Santa Fe Reports Highest Revenues

Highest revenues and net income in history for Santa Fe Industries were recorded in 1974, John S. Reed, chairman, announced today.

Revenues of \$1.4 billion exceeded the previous record of \$1.2 billion established in 1973. Net income rose 17 per cent to \$120.1 million, or \$4.67 a share, from \$102.8 million, or \$4.01 a share, in the previous year.

Reed attributed the \$17.3 million increase in net income primarily to the substantially increased earnings from petroleum operations.

TEC Places

267 Workers

The Temple Employment Commission office made 267 placements during December, as compared to 283 a year ago. Veteran placements total 87, which was higher than last year's total of 85.

Unemployment claims continued to show an increase during December. The Temple office accepted 278 initial claims as compared to 129 a year ago. Also, more job hunters registered for work during December than last year.

The Temple local office has a very good labor supply at this time. Many well-qualified applicants are available for work. Shortages continue to exist for registered nurses and other skilled positions in the medical field.
